Request for Pro Se Electronic Filing  
case number 1:22-cv-748

8-18-2022

Judge Maloney,

Your Honor I am requesting to be granted permission for Pro Se Electronic Filing in my case. I live 1 hour away from the courthouse and this would remove a tremendous burden from me when I just simply need to file documents related to my case. This is not an indication that I am unable to proceed without E filing, however I am requesting it. I agree to all the listed conditions on the application, as well as agree to not abuse the privilege if granted to me. I look forward to being allowed to present my case. Thank you Judge Maloney for your time in this matter.
